Sept. 7, 2007

Dear Mr. Haddock,

It has occurred to me that to the best of my knowledge, (which is not great by any means) there may not, at this time exist an executed, notarized lease agreement between myself and Dove Creek Quarries with regard to the deeded minerals that I hold in the North ½ of the South West ¼ of Section 14 T 13 N. R 16 W. at Clarks Basin in Box Elder County. I believe that the Division has issued Dove Creek Quarries a permit to operate thereon. I need to know if the Division may be in possession of such a document incident to granting the permit. I can find no such record or document in my files.

We are presently on good terms with Dove Creek Quarries, and wish them no complication at this time, but I need to get everything in order that may not be at the present time with regard to the lease agreement. I would greatly appreciate any help that you could render. Thank you for your consideration.

Sincerely

  
William L Bown - President
